**ANNUAL MEETING FARM BUREAU
 DECEMBER 4**

Baldwin Ranch, Arcadia
 The annual meeting of the Los Angeles County Farm Bureau will be held Saturday, Dec. 4, at the famous Baldwin Ranch at Arcadia. Through the courtesy of Mrs. Anita Baldwin the Farm Bureau is enabled to use this ranch again as the place of its annual meeting. The annual meetings of the various departments of the Farm Bureau, including the Dairymen, the Potato Growers, and the Home Department members, have been scheduled for 9:45. At these meetings reports on the work during the past year will be rendered and plans outlined for the coming year's work. The annual meeting of the Farm Bureau itself is scheduled for 10:45, at which time reports on the work of the organization will be rendered and election of officers for the coming year will be held. At 12:30 there will be a basket luncheon, with coffee served by the Farm Bureau, following which a splendid speaking program will be provided. President J. B. Valle, who has just completed a two months trip throughout the East studying Farm Bureau work over the country at large, investigating particularly the work of the American Farm Bureau Federation, will deliver a report on his trip. Prof. B. H. Crocherson, Director of Agricultural Extension at the State College of Agriculture, and State leader of farm advisers, will make the address of the afternoon. Following the speaking program characteristic demonstrations of Farm Bureau and agricultural extension service activities during this past year will be conducted, including work with livestock, in the form of milk testing and dairy cow judging. Awarding of medals in the dairy cow competition will be a part of the program. Work with the deciduous fruit growers will be exemplified and inspection of a demonstration plot where three systems of pruning were used this past year. Records of the yields will be available. Farm Bureau members are expected to turn out in force at this meeting. Visitors are cordially welcome. The committee in charge of the annual meeting consists of S. Erie Goodall, chairman, and Ed Hall, H. S. Bissell, L. B. Doan and Wm. R. Harriman.

Deciduous Pruning Demonstrations for December
 A part of the annual series of deciduous pruning demonstrations, covering all fruit growing districts of the county are announced by Farm Advisor Hodgson as follows:
 Monday, Dec. 13, morning, Baldwin Park; afternoon, El Monte.
 Tuesday, Dec. 14, morning, Lynnwood; afternoon, Moneta.
 Wednesday, Dec. 15, afternoon, Lankershim.
 Friday, Dec. 17, morning, Alhambra; afternoon, Whittier.
 Ten demonstrations completing the series will be given in the commercial fruit districts of the county Jan. 1 to 7 with Dr. J. C. Whitten of the State

**COMB SAGE TEA IN
 FADED OR GRAY HAIR**

If Mixed with Sulfur it Darkens so Naturally Nobody can Tell.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound" you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and health to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. It's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray has disappeared. After another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.
